

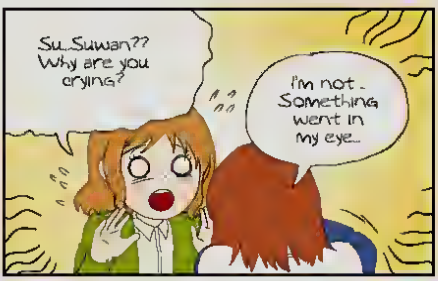
Why does Miei have to think that far?
끙끙

Can't she...

Can't she just come to like someone naturally?



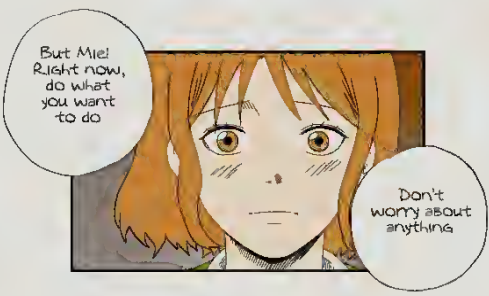
Su..Suwan?? Why are you crying?
I'm not. Something went in my eye...

Don't say something stupid!

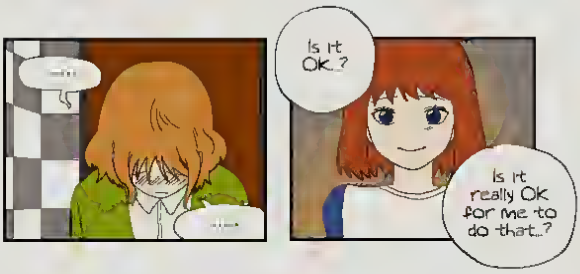
If you're scared when nothing has begun
Nothing will change.

First of all you have to give your reply.
If by any chance Senpai learns of your situation and changes his mind
Then that's the kind of person he is

Then
You can avoid him.



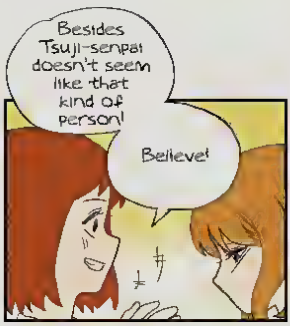
But Mie! Right now, do what you want to do
Don't worry about anything



Is it OK...?
Is it really OK for me to do that...?

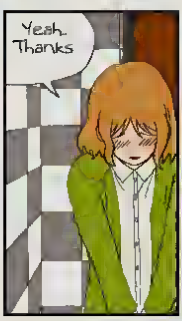
I'm not being too selfish...?

What's selfish! It's not selfish at all! Aaaat all!!
I told you not to worry!
-!



Besides Tsuji-senpai doesn't seem like that kind of person!
Believe!

He's surely a good person!



Yeah. Thanks
